PRIYADHARSHINI BASKARAN

Chennai — 9344873235 — priyadharshini14022002@gmail.com — linkedin.com/in/priya142002

Summary

Full Stack Developer with 1 year of experience in ReactJS, React Native, .NET, and SQL Server. Skilled in building scalable web and mobile applications, RESTful APIs, and efficient database solutions. Leverages AI tools to boost productivity and streamline development workflows. Committed to continuous learning and delivering high-quality, business-driven solutions.

Experience

Junior Software Developer — Vivify Technocrats, Chennai *June 2025 – September 2026*

- Designed and developed 5+ production-grade web and mobile applications using ReactJS, React Native, ASP.NET Core, and SQL Server.
- Built and integrated 30+ RESTful APIs covering authentication, business logic, and database operations across all projects.
- Collaborated with a cross-functional team of 5+ members to deliver secure, scalable systems across 3 enterprise domains – ERP, HRMS, and Safety.

Key Projects

ERP (Enterprise Resource Planning) — ReactJS, ASP.NET Core, SQL Server

- Developed 4 ERP modules (Inventory, Purchase, Sales, Accounts) using ReactJS and ASP.NET Core, processing 300+ daily transactions via SQL Server.
- Designed RESTful APIs and validation logic to ensure accurate transaction processing, stock management, and reporting.

Safety App for Airport and Seaport Employees — React Native, ASP.NET Core, SQL Server

- Expanded a React Native safety application serving 200+ employees across airport and seaport operations.
- Implemented 5+ API endpoints for real-time incident reporting and alert notifications.

HRMS (Human Resource Management System) — ReactJS, ASP.NET Core, SQL Server

- Built 4 HRMS modules (Attendance, Payroll, Leave, Role Management), reducing manual HR processing time by 40%.
- Integrated frontend and backend services to automate employee data handling and improve operational efficiency.

Company Website — ReactJS, Vite, Tailwind CSS

- Develop and maintain the complete corporate website using ReactJS, Vite, and Tailwind CSS, building responsive and reusable UI components.
- Integrated EmailJS to enable functional contact and career application forms and leveraged AI tools to accelerate development, optimize content, and enhance overall user experience.

Education

B.Tech in Information Technology, Paavai Engineering College, Namakkal *CGPA: 8.67 (2024)*

St. Isabel's Girls Hr. Sec. School, Pattukkottai

- HSC: 75.6% (2020)
- SSLC: 90% (2018)

Technical Skills

Frontend: ReactJS, React Native, HTML5, CSS3, JavaScript (ES6+), TypeScript, Bootstrap, Tailwind CSS
Backend: ASP.NET Core, C#, Node.js, Core Java RESTful APIs, MVC, Entity Framework
Database: SQL Server, MySQL, Oracle SQL
Tools: Git, GitHub, GitLab, Postman, Swagger

Certifications

- **Web Development Internship:** Completed a web development internship, gaining hands-on experience in building and deploying web applications.
- **Java Full Stack Development:** Completed a Java Full Stack Development course at JSpider Institute of Technology, covering Core Java, OOP concepts, and full-stack development practices.
- **Mobile App Development:** Built a To-Do List application using React Native as part of the course, implementing core CRUD functionality.
